

TRI-PHASIC BRIGHT® TONER

Tri-Phasic Bright is a comprehensive skin brightening system containing five products that target all three critical phases of the discoloration process.

PHASE I: Helps protect from initial factors that cause discoloration.

PHASE II: Targets a key component that leads to visible skin discoloration.

PHASE III: Reduces the appearance of discoloration.

Tri-Phasic Bright will help you achieve even-toned, glowing skin for a brighter, more radiant you.

MEET TRI-PHASIC BRIGHT TONER

Calm your skin. To enhance the skin brightening process, Tri-Phasic Bright Toner features Fairtrex, carnosine, and Urea and glycerin. Fairtrex helps diminish the appearance of hyperpigmentation on the surface of the skin, and Carnosine is a powerful antioxidant that calms skin. Urea and Glycerin hydrate and condition the skin. With a non-acid cell turnover complex, Tri-Phasic Bright Toner can be effective in targeting visible discoloration, leaving skin with a luminous and more even tone.

WHY YOU'LL LOVE IT

- Soothes skin to promote a brighter complexion.
- Prepares skin for additional products like treatments and moisturizers.
- Helps gently exfoliate dead skin cells from the surface of skin, leaving you with a fresh, soft, smooth, radiant appearance.
- Formulated without parabens and fragrance.
- Safety-dermatologist tested.
- Features a bottle that is proudly made from 100% recycled material.

WHAT POWERS IT

- Fairtrex—a non-acid cell renewal complex that helps diminish the appearance of hyperpigmentation on the surface of the skin by actively removing accumulated pigment through exfoliation.
- Carnosine—a powerful antioxidant that calms the skin to target skin discoloration.
- Urea and glycerin—Hydrate and condition the skin.

HOW TO USE IT

Saturate a cotton pad with Tri-Phasic Bright Toner and sweep it over clean face and neck in an upward, outward motion, avoiding the eye area. Do not rinse. Follow with a Tri-Phasic Bright Essence or another serum or moisturizer of your choice.
